

Therapeutic Sciences Graduate Program

BROWN

Division of Biology and Medicine

February 2024, Issue 5

TSGP News:

Congratulations!

Caitlin Hopkins successfully defended her PhD dissertation on December 15th, 2023. Congratulations, Dr. Hopkins!

As a Therapeutic Sciences PhD student at Brown, Dr. Caitlin Hopkins conducts research in a biomedical engineering and pathology lab. She focuses her research on 3D cell culture, tissue engineering, and particularly the study of the extracellular matrix and associated alterations.

Graduation Spotlight:

February 2024

Congratulations to our TSGP February Graduates!

All February grads are welcome to participate in the Doctoral Commencement Ceremony at Brown University on Sunday morning May 26th, 2024.

Welcome

TSGP PhD Admissions Recruitment Event January 25th - 27th, 2024

**YOU'RE
INVITED!**

TSGP invited 24 prospective doctoral students to visit Brown for a 3-day in-person admissions recruiting event. Invited students participated in a full day of interviews with the TSGP Admissions Committee and Brown faculty members. A highlight of the event featured a dinner at The Faculty Club and a chance to take a group photo. Pictured here are our invited students with our current TSGP doctoral students who served as “student hosts”. Invited students enjoyed their Brown experience and learned what makes TSGP unique!

Dear Prospective Applicant:

The Dean's Postdoctoral Fellowship at Harvard Medical School is now accepting applications. The deadline is April 15, 2024.

THE DEAN'S POSTDOCTORAL FELLOWSHIP(DPF) is a two-year research fellowship established to nurture, advance, and retain a diverse scientific workforce that will continue to contribute to diversity through their ongoing academic and research scholarship. The fellowship program prepares scientists from groups historically underrepresented in the basic and social sciences for careers in academia and other sectors. Fellows benefit from a highly innovative and creative research environment that emphasizes scientific rigor, collaboration, and the pursuit of excellence in science.

ELIGIBILITY:

- Have an MD, MD/PhD, PhD, ScD, or equivalent degree in the basic or social sciences by June 2024
- Have United States citizenship or permanent resident status.
- Come from a background that is historically underrepresented in the basic and social sciences.
- Have no more than two years of postdoctoral experience.

FUNDING:

- The two-year fellowship provides funding in the amount of \$65,000/year, and DPF fellows are eligible for Harvard's generous benefits package.

APPLICATION PROCESS:

The online application for the Dean's Postdoctoral Fellowship is available on the DICP website at <https://dicp.hms.harvard.edu/deanspostdoc>. Applicants need to submit the online form, which includes a cover letter, CV, and a statement that makes the connection between the mission of the Fellowship and their research interests and professional goals. For more information, please visit DPF website: <https://dicp.hms.harvard.edu/the-deans-postdoctoral-fellowship>.

CONTACT:

Interested candidates are encouraged to contact Jorge Fortin, Program Coordinator, Dean's Postdoctoral Fellowship Program at dicp_deanspostdoc@hms.harvard.edu with any questions.

Therapeutic Sciences Annual Retreat

Friday, May 3rd, 2024

9:00am - 5:00pm

Audubon Society of Rhode Island
Nature Center and Aquarium
1401 Hope Street
Bristol, R.I. 02809
